A dramatic night sky filled with a meteor shower. A bright, white-to-yellow streak of light, likely a meteor, streaks diagonally from the upper left towards the center. The background is a dense field of smaller, orange and red sparks and fireballs, creating a fiery atmosphere. In the lower right quadrant, a particularly bright and large fireball is visible, surrounded by a glowing orange and yellow aura. The overall color palette is dominated by warm tones of orange, red, and yellow, contrasting sharply with the dark, starry background.
